WILBOR @ THE LIBRARY

Did you receive a Nook or Kindle for Christmas? Or maybe you already have one that you prefer to use. The library is thinking about providing a service called WILBOR which would allow you to access the State Library's online book collection so you could borrow a book using your eReader. But...this is rather costly service for the Glidden Library to provide initially (an \$800 start-up fee and \$ 400 yearly after that). The library would like to know how many of you would use this service if it were to be provided. We want to spend our money wisely, that's why we need your input on this matter. The library board will then decide if this is a service they want to pursue.
